HOW TO REPLY TO THIS NOTICE:

I. Review the SMALL ENTITY status shown above.

If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

B. If the status above is to be removed, check box 5b on Part B - Fee(s) Transmittal and pay the PUBLICATION FEE (if required) and twice the amount of the ISSUE FEE shown above, or

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The problem addressed by the instant method/process is to obviate the complicated distillation problem associated with the recovery of crude 1,3-butadiene from a C4 fraction because of the small differences in the relative volatility of the components of the C4 fraction; and to provide a more economical process for recovering crude 1,3-butadiene from the C4 fraction by extractive distillation of 1,3-butadiene in compressorless operation, which ensures less fouling in the columns, increased operational reliability and economic viability. [See page 1, lines 7-10 and page 3, lines 7-11 respectively].

This problem is solved according to the invention by controlling the energy input into the dividing wall column via the bottom evaporator to obtain a bottom stream comprising solvent, C4 acetylenes whose proportion of 1,3-butadiene is restricted such that the loss of 1,3-butadiene is economically acceptable, and feeding the bottom stream to an acetylenes outgasser and, in the acetylenes outgasser, stripping out the C4 acetylenes overhead and obtaining purified solvent as the bottom stream. [See page 3, lines 11-33].

No such process of regulation/controlling in an extractive distillation column configured as a dividing wall column is disclosed or suggested in the cited references.

Thus, the subject matter of claims 10-14 and 16-21 is neither disclosed by the prior art nor is obvious. The claims are deemed allowable over the prior of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
